**VMP-F150-2009**

# 2009-2014 Ford F150 Truck Permanent No Drill Aluminum Mounting Plate for Spotlights

**Product ID: 150969**

**Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.**

**VMP-F150-2009 Permanent Mounting Plate for Spotlights**

THERE IS NOTHING WE CAN LOOK UP TO HELP YOU DETERMINE THIS. YOU NEED TO LOOK AT THE LIGHT AND SEE IF THERE ARE LITTLE ROUND BULBS (INCANDESCENT) OR LITTLE SQUARE LED CHIPS. WE CANNOT FINISH YOUR ORDER WITHOUT THIS INFORMATION. VERIFY LAMP TYPE BEFORE CALLING.***

## Made in Texas

**The VMP-F150-2009 from Larson Electronics is an Aluminum Vehicle Mounting Plate for any light with a permanent mounting base, including spotlights, flood lights, strobe lights, beacons, warning lights, signal lights, flashers, turn signals, brake lights, hunting lights, fishing lights, off-roading lights and so on. This lightweight mounting plate allows operators to mount lights and other equipment with permanent mounting bases on their trucks without drilling into the body of the truck. This mounting plate allows operators to drill holes wherever they want for permanent mounted lights and other equipment**

**and can support lights of up to 20 lbs. The VMP-F150-2009 features a 24" by 8" aluminum mounting surface, is compatible with 2009-2014 Ford F-150 pickup trucks and offers operators a convenient mounting location for any permanent mount light and for applications including hunting, fishing, off-roading and security.**

***PLEASE NOTE: BEFORE CALLING TO ORDER, YOU WILL NEED TO KNOW YOUR VEHICLE`S YEAR, MAKE, MODEL, AND IF YOUR VEHICLE HAS AN INCANDESCENT OR LED THIRD BRAKE LIGHT. The VMP-F150-2009 is constructed in Texas from durable aluminum for the frame, brackets and the mounting plate surface. This mounting plate has been designed for 2009-2014 model year and newer Ford F-150 pickup trucks and offers operators a sturdy and reliable platform to deploy permanent mount lights of any type such as spotlights, strobes, beacons, hunting spotlights, signal lights, security lights and warning lights, on the top of their truck for optimal performance. The VMP-F150-2009 is installed via the rear cab lights and has a weatherproof seal on the back side for secure, dry installation and protection against scrapes to the body of the truck. The mounting plate requires absolutely no drilling for installation and is powder coated for added durability, can support up to 20 lbs and is offered in a black, white, or grey finish. The VMP-F150-2009 also features a windload okay for highway speeds. (User provided equipment may vary.)

***PLEASE NOTE: BEFORE CALLING TO ORDER, YOU WILL NEED TO KNOW YOUR VEHICLE`S YEAR, MAKE, MODEL, AND IF YOUR VEHICLE HAS AN INCANDESCENT OR LED THIRD BRAKE LIGHT. THERE IS NOTHING WE CAN LOOK UP TO HELP YOU DETERMINE THIS. YOU NEED TO LOOK AT THE LIGHT AND SEE IF THERE ARE LITTLE ROUND BULBS (INCANDESCENT) OR LITTLE SQUARE LED CHIPS. WE CANNOT FINISH YOUR ORDER WITHOUT THIS INFORMATION. VERIFY LAMP TYPE BEFORE CALLING.****

**Installation of Lights/Equipment:** Prior to installing this mounting plate on a compatible truck, operators can decide where they want their permanent mount lights and other equipment to be mounted and drill the appropriate holes in the aluminum mounting plate. Once the holes are drilled, the light or other piece of equipment can be mounted to the plate. Then the entire assembly can be mounted to the truck via the third brake light as explained below.

**Truck Installation:** The VMP-F150-2009 is easy to install and requires absolutely NO drilling to mount to the truck. This mounting plate installs via the 3rd brake light on 2009-2014 model year Ford F150 pickup trucks between the body of the truck cab and the light. Operators simply remove their 3rd brake light, position the mounting plate bracket and reinstall the light through the bracket.

3rd Brake Light Camera Option

Without Camera

With Camera

Having a reverse camera in the 3rd brake light (NOT in the tailgate or bumper) will change the mounting bracket design. Those with a camera must choose the "camera" option in order to get the correct design. Please choose the appropriate option below. ***Please note that the VMP-F150-2009 is designed for trucks with incandescent 3rd brake lights ONLY. Operators with LED 3rd brake lights will require the VMP-F150-2009-LED. Incandescent mounting plates and LED mounting plates are NOT interchangeable.***

**Applications:** Hunting, fishing, off-roading, property management, security, search and rescue, farming operations and any other applications for which a roof mounted spotlight is needed for 2009-2014 model year Ford F150 truck owners.
