

FL-T2-LED

FL-T2-LED 3 watt T2 LED Flashlight

Product ID: 208

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The FL-T2-LED by Larson Electronics is an ultra-bright 3 watt Luxeon LED flashlight that is offered at an exceptional value. It features a focused beam that offers more light with more power.

The 3 watt LED bulb in this flashlight has a run time of 50,000+ hours and operates on three AAA-cell batteries. It is ergonomically constructed of black anodized aluminum with a knurled grip and has a lanyard attached. This LED flashlight is 6 inches long and 1 inch in diameter. This is a nice, heavy duty flashlight that is small enough to be worn comfortably on the belt and puts out a good, strong light beam with a long battery life.
