EXC-50-12.3-20A-5.20-MP-V2-BLK

50' 12/3 SOOW Power Cord - 5-20 125V Plug/Receptacle - 20 Amp Rated - Indoor/Outdoor Rated

Product ID: 221638

Image: EXC-50-12.3-20A-5.20-MP-V2-BLK

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

EXC-50-12.3-20A-5.20-MP-V2-BLK - 50` 12/3 SOOW 5-20P and 5-20C 20A Extension Cord
Male Cord Cap: 5-20P Molded (Vulcanized)
Female Cord Cap: 5-20C Molded (Vulcanized)
Cable Voltage Rating: 600V
Plug/Receptacle Voltage Rating: 125V
Max Amp Rating: 20A
Cable Type: 12/3 SOOW
Cable Length: 50`
Weight: 6 lbs

The Larson Electronics EXC-50-12.3-20A-5.20-MP-V2-BLK 50 foot 12/3 SOOW extension power cord is designed for heady duty and outdoor applications. This blue 600V rated rugged extension cord is constructed of 12-gauge 3-conductor wire, equipped with a 20-amp rated NEMA 5-20P male and 5-20C female straight blade connectors for 125V use, and allows operators to extend power to equipment when stationary outlets are not readily available.

The EXC-50-12.3-20A-5.20-MP-V2-BLK power distribution system provides a safe and effective way for operators to extend 125V and power a variety of devices for plant maintenance, power generators, construction and other temporary applications. 50 feet of

chemical and abrasion resistant flexible 12/3 SOOW cable is terminated in molded (vulcanized) male and female NEMA 5-20P and 5-20C, 20 amp rated, indoor/outdoor approved lighted plug/receptacle.

Applications: This power distribution system is ideal for indoor or outdoor use and applications including but not limited to, generators, construction sites, plant maintenance, plant turnarounds, shows, exhibits, industrial equipment, uninterruptible power supplies (UPS battery backups), stage equipment, and shipyard operations. These industrial extensor cords are popularly used in applications where external power sources are often necessary. We also offer class rated extension cords for use within explosion proof and hazardous location environments.

Larson Electronics is a manufacturer and as such can build extension cords and portable transformer systems to your specifications. Although we carry several models of power distribution transformers, we can deliver custom ordered units almost as quickly as our prebuilt units If this model does not meet your needs, please contact us at 1-800-369-6671 or sales@larsonelectronics.com to discuss your specific requirements.
