

MTPC-xx-RS-SP0313

Remote Start/Stop Controller for Existing MTPC Series Rotary Phase Converters

Product ID: 265024

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

MTPC-xx-RS-SP0313 Remote Start/Stop Controller

The MTPC-xx-RS-SP0313 from Larson Electronics is a Remote Start/Stop Controller for Existing MTPC Series Rotary Phase Converters. This remote start/stop controller is designed to be installed in a location separate from the phase converter.

The MTPC-xx-RS-SP0313 is equipped with three lights: a start light, a stop light, and an indicator light. When the indicator light is illuminated, that tells operators that the motor for the phase converter is running. The MTPC-xx-RS-SP0313 is NEMA 3R rated and features a 3/4" NPT Hub on the bottom of the controller that allows conduit or flexible wiring to be ran to and from the existing phase converter.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to

honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
