EPL-16X48-PC

Anti-static Peel Off Covers for Lights - 16" x 48" - Overspray Protection - Paint Spray Applications

Product ID: 265698

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The Larson Electronics EPL-16X48-PC is an Anti-static Peel Off Cover Set for Lights, which is suitable for overspray protection, tank maintenance, industrial painting applications and sand blasting. The frosted white cover measures 16" x 48" and is constructed of mylar, with a 500F temperature rating. This package comes with a total of five peel-off covers.
The EPL-16X48-PC is a peel-off cover that is designed to protect lights from overspray, small stones, sand and debris. This adhesive cover measures 16" x 48" and features a 500F temperature rating. To use the anti-static cover, operators simply separate the cover from the white strip, which protects its adhesive properties. Applying the peel-off cover can be done by firmly pressing the film on the lens (sticky side). The frosted-white cover is easily removable by hand after use and does not require special tools.

Applications: Overspray protection, paint spray booths, lights, explosion proof lights, sand blasting, tank cleaning/painting, coating applications and more.
At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973.
