MT-XX-ESH-2X500W-TSTAT-KT-120V

1000W Transformer Strip Heater with Thermostat - (2) 500W Heat Strips - Mechanical Thermostat w/ Temp. Probe - 120V AC - Remote Mount Control Panel

Product ID: 274189

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

MT-XX-ESH-2X500W-TSTAT-KT-120V Transformer Strip Heater w/ Thermostat
Unit Type: Strip Heater w/ Thermostat
Control Box Dimensions: 8" x 6" x 6"
Weight: -
Voltage: 120 V
Total Watts: 1000 Watts (500W Per Heat Strip)
Thermostat Temperature Range: 60°F to 250°F
Control Box Mounting: Surface Mount
Heat Strip Mounting: Surface Mount - 5/16"H x 1-1/2"W 5/16"W x 1/2"L Slotted Holes on Each End w/ 10-32 Screw Terminals

Quick Summary
Pair of 500W Heat Strips
NEMA 3R Remote Mount Control Box
(1) Unit Needed Per Transformer

The MT-XX-ESH-2X500W-TSTAT-KT-120V from Larson Electronics is a 1000W Transformer Strip Heater with Thermostat that provides the ability to maintain consistent internal temperatures within transformer enclosures.

The MT-XX-ESH-2X500W-TSTAT-KT-120V offers a convenient and easy way to keep temperatures within the enclosure of a transformer at the desired level. A pair of 500W heat strips can be mounted inside the enclosure. The thermostat connected to the heat strips can be set to a specific temperature and when a lower temperature is detected, the heat strips will turn on. Once the set temperature is reached, the heat strips will turn off. The MT-XX-ESH-2X500W-TSTAT-KT-120V somes with a remote mount control box to wire the unit up and to hold the thermostat and allow an easy way to change the temperature setting. The control box is NEMA 3R rated.

Applications: Maintaining consistent temperatures within transformer enclosures. One unit is needed per every one transformer.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
