MPD-XX-EL-CM-1X-R1

1-Channel Cable Protector Ramp - Accommodates 0.75"OD and Smaller Cables - Polyurethane Construction - Supports up to 16,000 lb Per Axle

Product ID: 274275

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The MPD-XX-EL-CM-1X-R1 from Larson Electronics is a 1-Channel Cable Protector Ramp that protects hoses, cords, and electrical cables and reduces tripping hazards in areas where cables or cords are run across walkways or other areas with foot or vehicle traffic.
The MPD-XX-EL-CM-1X-R1 is constructed from lightweight yet durable polyurethane and features built-in carrying handles. Dog bone style connectors allow for multiple units to be used in a row. This unit is a 1-channel design that can accommodate cables that have an outside diameter of 3/4" (0.75") or smaller. With a reinforced hinge, the top of the cable protector ramp opens to allow operators to easily run cables through. The MPD-XX-EL-CM-1X-R1 can support vehicles weighing up to 16,000 lb per axle.
If a single channel is not enough for your needs, larger options are available. Larson Electronics offers multiple sizes of cable protector ramps including 2-channel, 3-channel, and 5-channel versions.

Suggested Applications: Events, conferences, concerts, festivals, jobsites, warehouses, and other locations or situations where vehicle or foot traffic may cross over hoses, cords, or electrical cables.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
