

EXP-PTM-XX-SP0009-2K-2W

Replacement 2K-Ohm 2-watt Potentiometer for Explosion Proof Rotary Potentiometers

Product ID: 278635

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

EXP-PTM-XX-SP0009-2K-2W is a replacement potentiometer for existing EXP-PTM series potentiometers. This is the internal component only and does not include the external dial. Rated for 2 watts at 30V DC and 2k-ohm resistance
