Image: IND-ALR-ALU-14.13.4-L4

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The IND-ALR-ALU-14.13.4-L4 from Larson Electronics is an Aluminum Enclosure for holding and protecting equipment in industrial sites. Equipped with a gasketed lid, a NEMA 3R rating ensures protection from ingress of water, debris, corrosion and external ice formation. This unit is made out of aluminum and features a powder coated finish.

The aluminum enclosure measures 14.5" x 13.25" x 3.8" and can be used in rugged environments. The gasketed lid on the unit is screwed on and does not contain hinges.

Constructed of aluminum and powder coated for aesthetics and corrosion resistance, a NEMA 3R rating indicates that the enclosure provides a degree of protection against the ingress of water and debris, provides additional protection against corrosion and that the enclosure will not be damaged by external formation of ice.

Hubs: There are six hub cutouts with mounting screw holes on the unit. Three hub cutouts are available on the west side and three hub cutouts can be found on the east side of the enclosure.

Mounting: The IND-ALR-ALU-14.13.4-L4 is compatible with wall mounting applications.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
