

SLEDB-110V-MS-XX-CAGE

Protective Steel Light Cage for SLEDB-110V-MS Series Lights - 1/8" CNC Machined - Powder Coated - Predrilled

Product ID: 280749

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

SLEDB-110V-MS-XX-CAGE Light Cage

Made in Texas

The SLEDB-110V-MS-XX-CAGE from Larson Electronics is a Protective Metal Cage designed to protect SLEDB-110V-MS series lights from damage that could be caused by branches, limbs, brush, and other environmental objects that could cause damage. The SLEDB-110V-MS-XX-CAGE is constructed from durable powder coated 1/8" steel that is CNC machined for precision. Available in both black and white finishes, this heavy duty light guard easily allows light to shine through while providing a superior level of light protection.

****Please note: This is for the cage ONLY. Lights sold separately****

The SLEDB-110V-MS-XX-CAGE light cage is ideal for providing protection for SLEDB-110V-MS series lights. Rough driving conditions or other environmental objects and factors can lead to damage being done to a vehicle or surface

mounted light. With a durable light cage in place, that potential damage is much less likely to occur. The mesh design of the SLEDB-110V-MS-XX-CAGE allows light to easily penetrate the guard for illumination purposes while also making sure no damage can affect the light.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
