Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

EXC-50-10.4-30A-14.30P-L14.30C - 50' 10/4 SOOW 30A Extension Cord
Male Cord Cap: NEMA 14-30P Straight Blade
Female Cord Cap: L14-30C Twist Lock
Voltage Rating: 125/250V
Max Amp Rating: 30A
Cable Type: 10/4 SOOW
Cable Length: 50'
Weight: -

Made in the USA

The EXC-50-10.4-30A-14.30P-L14.30C from Larson Electronics is a 50' 10/4 SOOW Extension Power Cord that is designed for heavy duty and outdoor applications. This rugged extension cord is constructed of 10-gauge wire and is equipped with a 30-amp rated NEMA 14-30P male straight blade cord cap on the input side and a 30-amp rated L14-30C female twist lock cord cap on the output side. It allows operators to extend power to equipment when stationary outlets are not readily available.

The EXC-50-10.4-30A-14.30P-L14.30C power distribution system provides a safe and effective way for operators to extend 125/250V and power a variety of devices for plant maintenance, power generators, construction and other temporary applications. Fifty feet of

chemical and abrasion resistant flexible SOOW cord 10/4 SOOW cable is terminated in a 30-amp rated NEMA 14-30P male straight blade cord cap and a 30-amp rated L14-30C female twist lock cord cap.

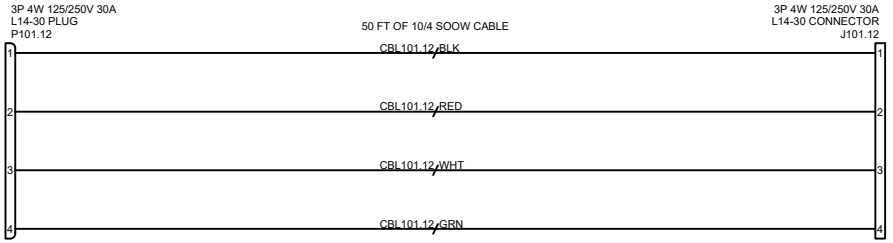

Applications: This power distribution system is ideal for indoor or outdoor use and applications including but not limited to, generators, construction sites, plant maintenance, plant turnarounds, shows, exhibits, industrial equipment, uninterruptible power supplies (UPS battery backups), stage equipment, and shipyard operations. These industrial extensor cords are popularly used in applications where external power sources are often necessary. We also offer class rated extension cords for use within explosion proof and hazardous location environments.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
