MPD-PB-XX-L023-3P-30A-120.240V

Square D EDB34030 Circuit Breaker, 30A, 3P, 120/240V, Bolt In Breaker, Surplus

Product ID: 295375

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Surplus Breakers

Breaker: [Square D EDB34030 Circuit Breaker, 30A, 3P, 120/240V, Bolt In Breaker, Surplus]

Due to the current shortage of breakers and panelboards in the industry, Larson Electronics is making our surplus available for purchase. This is adding significant delays to projects. This breaker can be paired with the MPD-PB-SB series of panelboards that LArson Electronics has in stock.

Note: This product is surplus stock and may include cosmetic blemishes such as dings, dents, and scratches that do not impact the safety, functionality, or standard operation of the panelboard. These units are sold as-is.
