XLE-EL-HF-230931

66' 500MCM THHN Cord - 600V/690A Rated - Black Male and Red Female 22 Series Camlock Connectors

Product ID: 296831

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The XLE-EL-HF-230931 from Larson Electronics is 66' of 500MCM THHN Cord with Male and Female Camlock Connectors rated for 600V/690 amps.

The XLE-EL-HF-230931 is rated for use up to 600V/690 amps and features a 22-series male camlock connector on one end and a 22-series female camlock connector on the other end. The male camlock connector on this unit is black in color and the female camlock connector is red in color.
