C-MCC-10.3-600V

10/3 Stranded Metal Clad Cable - Aluminum Armored Cable - 600V, THHN/THWN - Sold by Foot

Product ID: 310496

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

C-MCC-10.3-600V Industrial Cable

Unit Type: 10/3 Metal Clad Cable

Dimensions: 12"L x 0.6" OD

Weight: -

Voltage: 600V Maximum

Grounding Conductor AWG: 10

Strands: 7

Armor Type: Aluminum Interlocking Strip

Grounding Conductor: Green Insulated

Conductor Insulation: THHN/THWN

Operating Temperature: Up to 90C in Dry Locations

Materials: Copper Conductor, Aluminum Armor with Polypropylene Tape

Approvals/Ratings

UL 83, 1479, 1569, 1581, 2556
NEC 230.43, 300.22(C), 392, 396, 330, 501, 502, 503, 530, 504, 505, 518, 520, 530, 645
Federal Specification A-A-59544 (Formerly J-C-30B)
Meets Applicable OSHA and HUD Requirements
RoHS Compliant

The Larson Electronics C-MCC-10.3-600V 10/3 Stranded Metal Clad Cable is designed for electrical connections, power lines and power equipment. This aluminum armored cable is rated up to 600V. The cable is sold by the foot.

The C-MCC-10.3-600V offers reliable power connections for electrical systems and installations. The 10/3 metal clad cable is 600V rated and protected by an aluminum interlocking strip for mechanical protection. This cable features copper conductors. The cable carries an operational temperature rating of 90°C in dry locations.

Larson Electronics is a manufacturer and as such can build stationary and portable transformer systems to your specifications. Although we carry several models of power distribution transformer systems, we can deliver custom ordered units

almost as quickly as our prebuilt units. If this model does not meet your needs, please contact us at 1-800-369-6671 or sales@larsonelectronics.com to discuss your specific requirements.
