EPS-PB10-2P-SP0004

2 Pole Contact Block for EPS-PB10-2P Series Switches

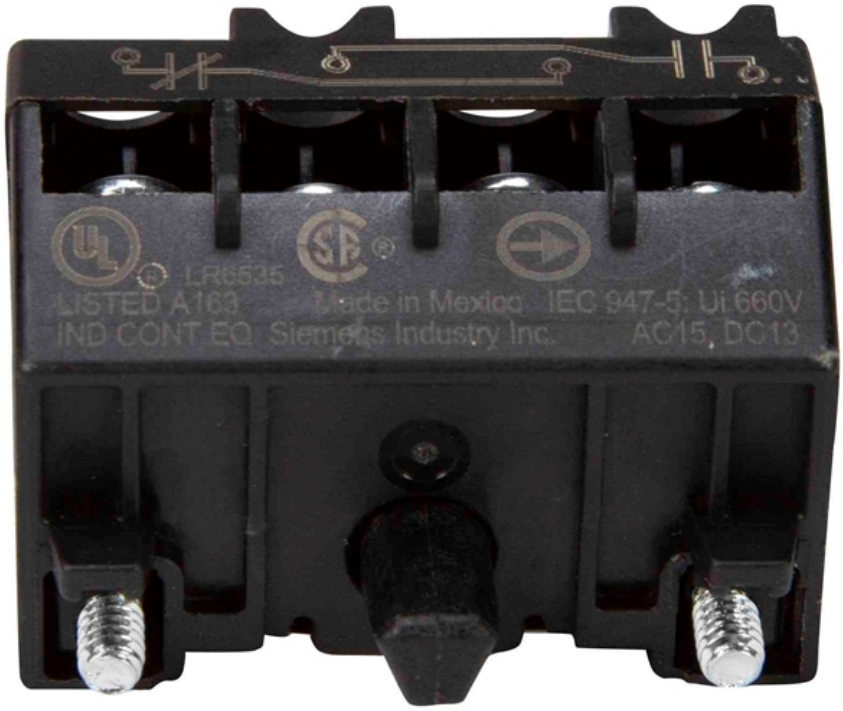

Product ID: 310943

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The EPS-PB10-2P-SP0004 from Larson Electronics is a 2 Pole Contact Block for EPS-PB10-2P series switches.

The EPS-PB10-2P-SP0004 is rated for 600V AC max and can handle up to 10 amps and is finger safe with gold flashing standard. This 2 Pole contact block measures 1.63"L x 1.06" x 1.00"D and is available in either a normally open (NO) or normally closed (NC) configurations. The normally closed (NC) configuration features a red color code while the normally open (NO) configuration features a white color code. Please make your selection when ordering below.
