MT-XX-160A-TSTAT-KT-120.240V

160A Heavy Duty Line Voltage Thermostat - Mechanical Thermostat w/ Temp. Probe - 120/240V AC - Remote Mount Control Panel

Product ID: 311124

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

MT-XX-160A-TSTAT-KT-120.240V Heavy Duty Line Voltage Thermostat
Unit Type: Line Voltage Thermostat, Heavy Duty
Control Box Dimensions: 6-3/8"-W x 6-1/16"-D x 55/8"-H
Weight: TBD
Voltage: 120/240V
Cover Type: Locking
Wiring: 2-Stage
Cover Finish: Tan
Poles: 1P
Current: 16A at 120V AC, 8A at 240V AC
Switch: SPDT
Cover Finish: Tan
Color: Beige

Operation: Setpoint

Control Action: Snap Action
Display: Manual
Control: Knob
Thermostat Temperature Range: 46°F to 84°F
Control Box Mounting: Mount either vertically or horizontally on a standard outlet box

Features:
Explosion Proof

The MT-XX-160A-TSTAT-KT-120.240V from Larson Electronics is a heavy

duty line voltage Thermostat that provides the ability to maintain consistent internal temperatures within transformer enclosures.
The MT-XX-160A-TSTAT-KT-120.240V offers a convenient and easy way to keep temperatures within the enclosure of a transformer at the desired level. The thermostat connected to the heaters can be set to a specific temperature and when a lower temperature is detected, the heat strips will turn on. Once the set temperature is reached, the heat strips will turn off. The MT-XX-160A-TSTAT-KT-120.240V somes with a remote mount control box to wire the unit up and to hold the thermostat and allow an easy way to change the temperature setting. The control box is NEMA 3R rated.
Applications: Heating and Cooling System, Fan Coils, Fans, Motor Starters, Valves, Contactors and Circulator Motors
At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
