

MT-CT-4160V-300.5-5A-M2

5A Current Transformer - 4160V 50-400 Hz - 300:5 Ratio

Product ID: 311300

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

MT-CT-4160V-300.5-5A-M2 Current Transformer

Type: Current Transformer, Ring Type

Phase: Single Phase

Frequency: 50-400 Hz

Output Current (A): 5

Maximum Voltage: 4160 V

Winding Ratio: 300:5

BIL: 60 kV

Thermal Rating: 5 VA

Accuracy Class: 5P10

Ambient Temperature: -

Mounting: Mounting Bracket

Wiring: -

Dimensions: -

Weight: -

The MT-CT-4160V-300.5-5A-M2 from Larson Electronics is a 4160 V Single Phase Current Transformer that is powerful and reliable. The MT-CT-4160V-300.5-5A-M2 features a 300:5 winding ratio and compatibility with 50-400 Hz.

Transformer Features: With a 5-amp output current, the MT-CT-4160V-300.5-5A-M2 is a single phase current transformer with a maximum voltage of 4160 V. This unit is designed to accurately transform and measure current in electrical systems, which is essential for monitoring and protection in power distribution.

Applications: Voltage Monitoring, Switchgear, Distribution Systems, Generator

Sets, Control Panels, Relaying and More.

Larson Electronics is a manufacturer and as such can build stationary and portable transformer systems to your specifications. Although we carry several models of power distribution transformer systems, we can deliver custom ordered units almost as quickly as our prebuilt units. If this model does not meet your needs, please contact us at 1-800-369-6671 or sales@larsonelectronics.com to discuss your specific requirements.
