

PTM-2K-2W

2W Potentiometer - 2k Ohm Resistance - Round, Panel Mount

Product ID: 311889

Image: PTM-2K-2W

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

PTM-2K-2W Potentiometer

Unit Type: Potentiometer

Dimensions: Round - 1.094" Dia (27.78 mm)

Voltage: -

Watts: 2W

Resistance: 2k Ohm Resistance

Tolerance: ±10%

Turns: 1.0

Taper: Linear

Gangs: 1

Termination Style: Solder Lug

Actuator Type: Slotted

Actuator Length: 0.625" (15.88mm)

Actuator Diameter: 0.250" (6.35mm)

Ambient Temp Range: -

Unit Materials: -

Mounting: Panel Mount

Bushing Thread: 3/8-32

Made in Texas

The Larson Electronics PTM-2K-2W Potentiometer can be used for measurements and equipment controls. This unit features 2k Ohm resistance and is rated two watts. The device caters to panel mounting installation requirements.

The PTM-2K-2W is ideal for operators seeking a high quality potentiometer for use in industrial work sites. Operators may utilize the device to measure the potential of an electric voltage. Additionally, the PTM-2K-2W can serve as controls (volume, joystick and etc.) for various equipment. This two-watt unit offers 2k Ohm resistance and $\pm 10\%$ tolerance during use. Equipped with a slotted actuator, the device is compatible with panel mounting installations.

Larson Electronics is a manufacturer and as such can build stationary and portable transformer systems to your specifications. Although we carry several models of power distribution transformer systems, we can deliver custom ordered units almost as quickly as our prebuilt units. If this model does not meet your needs, please contact us at 1-800-369-6671 or sales@larsonelectronics.com to discuss your specific requirements.
