MPD-MTS-3P-50A-600V-N3R

50 A Manual Transfer Switch - 3-phase 600V Rated, Non-fusible, Meter - External Handle W/ Center Off/Line and Emergency Positions - NEMA 3R

Product ID: 320505

Image: MPD-MTS-3P-50A-600V-N3R

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

MPD-MTS-3P-50A-600V-N3R Manual Transfer Switch

Unit Type: Industrial Manual Transfer Switch w/ Center Off/Line and Emergency Positions and Power Meter
Dimensions: -
Weight: -
Voltage Rating: 600V AC
Phase: 3-phase
Current Rating: 50A
Poles: 3P
SCCR Rating: 65kA SCCR
Fusible/Load Break Capable: No
Power Meter: Included, 277/480V AC Wye, 3PH
Channel: Isolated Pulse Output Channel
Interface: Hardwired Automatic Meter Reading (AMR) or Wireless AMR
Indicator: Load, Reverse Phase
Materials: -
Mount: Surface/Wall
AWG Gauge: -
Connections: (2) Line In, (1) Line Out
Larson Electronics manufacture a wide variety of custom power distribution systems. The

This unit is Made In USA - Manufactured in Texas

The Larson Electronics MPD-MTS-3P-50A-600V-N3R Manual Transfer Switch is ideal for managing electrical loads in industrial facilities. This 50-amp non-fusible device is rated at three-phase 600V AC. Equipped with a power meter and external, front-operated handle, the unit is housed in a NEMA 3R enclosure and can be mounted on flat surfaces or walls.

The MPD-MTS-3P-50A-600V-N3R offers accurate control of electrical power and loads in industrial work sites and commercial spaces. This non-fusible manual transfer switch is rated at three-phase 600V AC. The 50-amp unit has 3 poles and a 65kA SCCR rating. An external, front-operated handle with rotary action can be used for manually switching connections. Accessible connections include: (2) line in and (1) line out. The manual transfer switch features heavy-duty construction. Operators may mount the NEMA 3R-rated unit on compatible surfaces or walls.

This unit comes with a meter for monitoring power. Equipped with an isolated pulse output channel, the meter interfaces with hardwired automatic meter reading (AMR) or wireless AMR communication systems.

Applications: Backup generators, power management, energy systems, industrial facilities, commercial spaces and more.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
