EXC-Y-6.4-60A-460P7W

15' 6/4 60A SOOW Extension Y Cable - 460P7W IEC Pin & Sleeve Cord Caps - 480V Indoor and Outdoor Rated

Product ID: 320768

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

EXC-Y-6.4-60A-460P7W 15' 6/4 SOOW w/ IEC 60309 Cord Caps Y Extension Cord

Voltage Rating: 480V
Cord Terminations: (3) 460P7W IEC Pin & Sleeve Plug [480V]
Cable Type: 6/4 SOOW Cable
Cable Length: 15'
Amps: 60A
Weight: 1 lbs

Made in the USA

The EXC-Y-6.4-60A-460P7W from Larson Electronics is a 5-foot 6/4 SOOW Y extension power cord that is designed for 480V 3-phase indoor and outdoor applications. This rugged 15' extension cord is constructed of 6-gauge 4-conductor wire, a Y splitter connection and is equipped with 460P7W Cord Caps so operators can install their own cord caps or equipment and allows operators to extend power to equipment when stationary outlets are not readily available.

The EXC-Y-6.4-60A-460P7W Y splitter blunt cut end extension cord provides a safe and effective way for operators to extend 480V and power a variety of devices for plant maintenance, power generators, transformers, power distribution substations, construction and other temporary applications. 36" of chemical and abrasion resistant flexible 6/4 SOOW cable is terminated in blunt cut ends so that operators may install their own cord caps or equipment.

Applications: This Y-splitter extension cord is ideal for indoor or outdoor use and

applications including but not limited to, generators, construction sites, plant maintenance, plant turnarounds, shows, exhibits, industrial equipment, uninterruptible power supplies (UPS battery backups), stage equipment, and shipyard operations. These industrial extension cords are popularly used in applications where external power sources are often necessary. We also offer class rated extension cords for use within explosion proof and hazardous location environments.

Larson Electronics is a manufacturer and as such can build extension cords and portable transformer systems to your specifications. Although we carry several models of power distribution transformers, we can deliver custom ordered units almost as quickly as our prebuilt units If this model does not meet your needs, please contact us at 1-800-369-6671 or sales@larsonelectronics.com to discuss your specific requirements.
