EXC-50-6.5-60A-BCE

50' 6/5 60A SOOW Extension Power Cord - Blunt Cut Ends - 600V Outdoor Rated

Product ID: 325936

Image: EXC-50-6.5-60A-BCE

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

EXC-50-6.5-60A-BCE - 50' 4/4 SOOW Blunt Cut Ends Extension Cord
Voltage Rating: 600V
Cord Terminations: Blunt Cut Ends
Cable Type: 6/5 SOOW
Cable Length: 50'
Weight: 1 lbs

Made in the USA

The EXC-50-6.5-60A-BCE from Larson Electronics is a 50-foot 6/5 SOOW extension power cord that is designed for 600V 1-phase indoor and outdoor applications. This rugged 50' extension cord is constructed of 6-gauge 5-conductor wire, equipped with blunt cut ends so operators can install their own cord caps or equipment, and allows operators to extend power to equipment when stationary outlets are not readily available.

The EXC-50-6.5-60A-BCE blunt cut end extension cord provides a safe and effective way for operators to extend 600V and power a variety of devices for plant maintenance, power generators, transformers, power distribution substations, construction and other temporary applications. 36" of chemical and abrasion resistant flexible 6/5 SOOW cable is terminated in blunt cut ends so that operators may install their own cord caps or equipment.

Applications: This extension cord is ideal for indoor or outdoor use and applications including but not limited to, generators, construction sites, plant maintenance, plant turnarounds, shows, exhibits, industrial equipment, uninterruptible power supplies (UPS battery backups), stage equipment, and shipyard operations. These industrial extension cords are popularly used in applications where external power sources are often necessary. We also offer class rated extension cords for use within explosion proof and hazardous location environments.

Larson Electronics is a manufacturer and as such can build extension cords and portable transformer systems to your specifications. Although we carry several models of power distribution transformers, we can deliver custom ordered units almost as quickly as our prebuilt units If this model does not meet your needs, please contact us at 1-800-369-6671 or sales@larsonelectronics.com to discuss your specific requirements.
