

## **MPD-ATS-200A-208V**

### **200-amp Automatic Transfer Switch - 208V 1PH - Aluminum - NEMA 3R**

**Product ID: 326175**

Image: MPD-ATS-200A-208V

**Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.**

#### **MPD-ATS-200A-208V Automatic Transfer Switch**

**Unit Type:** Automatic Transfer Switch

**Dimensions:** 14.6"-W x 20"-H x 7.09"-D

**Weight:** 20 lbs

**Voltage:** 208V 1PH

**Amps:** 200

**Load Transition Type (Automatic):** Open Transition

**Materials:** Aluminum

**Finish:** Electrostatically Applied and Baked Powder Paint

**Mount:** Wall or Surface, via (4) Screw Holes

**Lug Range:** 1/0 - #14

#### **Features/Ratings**

Listed for Use in United States

NEMA 3R

Digital Power Technology (DPM)

10,000 Amps Withstand Rating

NRTL Certified to UL 1008

#### **Special Orders - Special Requirements**

Contact us for special requirements

**Toll Free:** 1-800-369-6671

**Intl:** 1-903-270-1187

**Fax:** 1-903-765-7664

**E-mail:** [sales@larsonelectronics.com](mailto:sales@larsonelectronics.com)

Larson Electronics manufacture a wide variety of custom power distribution systems. The pictures displayed for this unit are a general representation of form factor and may not accurately represent this exact configuration in every detail due to being one-time custom builds. The specifics for this configuration are listed in the specification table and one-line diagram.

### **Made in the USA**

**The Larson Electronics MPD-ATS-200A-208V Automatic Transfer Switch is ideal for managing electrical loads between two sources in industrial facilities. This 200-amp, 208V single phase controller handles timing, sensing, exercise functions and transfer**

**commands. Constructed of aluminum, the unit is housed in a NEMA 3R enclosure.**

The MPD-ATS-200A-208V offers accurate control of electrical power and loads, in locations where a backup generator or energy management system is installed. This 200-amp unit features 208V single phase compatability and an open type of load transition (automatic). The controller is designed to handle all commands related to the following: timing, sensing, exercise functions and transfers. During abnormal conditions, this unit can withstand a maximum of 10,000 amps.

The automatic transfer switch is constructed of aluminum with electrostatically applied and baked powder paint. Operators may mount the NEMA 3R-rated unit on compatible walls or surfaces via four screw openings located at the back of the controller.

**Applications:** Backup generators, power management, energy systems, industrial facilities, commercial spaces and more.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message [sales@larsonelectronics.com](mailto:sales@larsonelectronics.com) for more information about our custom options tailored to meet your specific industry needs.
