PDU-AEJ-36.50.26-N12.3R-6X4IN

Indoor/Outdoor Junction Box Enclosure - 36" x 50" x 26" - 12G Steel/Screw Cover - (6) 4" KOs - NEMA 12/3R

Product ID: 327179

Image: PDU-AEJ-36.50.26-N12.3R-6X4IN

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

PDU-AEJ-36.50.26-N12.3R-6X4IN Weatherproof Junction Box

Unit Type: Junction Box Enclosure
External Dimensions: 36" x 50" x 26"
Voltage: 15KV Rated
Amp: 600A
Mounting Hole Dimensions: 44.1" x 44"
Weight: -
Cover Type: Screw Cover w/ Keyhole Slots
Materials: 12-Gauge Steel
Finish: ANSI 61 Gray Acrylic Electro-coating
Mounting: Surface Mount, (4) 0.25" Mounting Holes
Knockout Qty: (6)
Knockout Size: (6) 4" KOs
Knockout Locations: (3) 4" KOs @ Left Side, (3) 4" KOs @ Right Side
Color: Gray
All grounding shall comply with state and local codes and meet the minimum requirements of the National Electronic Code section 250

The PDU-AEJ-36.50.26-N12.3R-6X4IN from Larson Electronics is an Indoor Rated Wiring Junction Box Enclosure that provides operators with a NEMA 12/3R rated enclosure for

industrial facilities. Designed to hold electrical equipment up to 36" by 50" by 26" in size, the unit is equipped with a screw-type cover and keyhole slots. This surface-mount junction box is constructed from 12-gauge steel and contains six, 4" knockouts.

The PDU-AEJ-36.50.26-N12.3R-6X4IN offers protection for compact devices, industrial equipment and wiring systems in work sites. This NEMA Type 12/3R unit measures 36" x 50" x 26" and contains a screw-type cover with keyhole slots for seamless access to internal components. Constructed of 12-gauge steel, the unit features an ANSI 61 gray acrylic electro-coating finish for durability. This weatherproof junction box provides operators with confidence, knowing their wiring and other electrical components are protected from rugged elements at the work site.

Hubs: Operators may access a total of six, 4" knockouts on the unit. Three, 4" knockouts are located on the left side and three, 4" knockouts are available on the right side.

Mount: The PDU-AEJ-36.50.26-N12.3R-6X4IN can be mounted on flat surfaces, via four 0.25" mounting holes located at the back of the enclosure.

Applications: Equipment protection, wiring boxes, pull boxes, industrial sites, indoor locations and more.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
