WPJB-4.4.6-N4

Weatherproof Junction Box - 4"x 4"x 6" - Corrosion Resistant Plastic Moulding Construction - NEMA 6P

Product ID: 328007

Image: WPJB-4.4.6-N4

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

WPJB-6.6.4-N4 Weatherproof Junction Box
Internal Dimensions: 4"-H x 4"-W x 6"-D
Weight: 2 lbs
Weatherproof Rating: NEMA 6P 4/4
Materials: Plastic Moulding Compound
Mounting: Surface Mount

All grounding shall comply with state and local codes and meet the minimum requirements of the National Electronic Code section 250

Features/Ratings
Weatherproof Junction Box
Constructed from Plastic Moulding Compound
Highly Corrosion Resistant
CSA and UL Listed

Made in the USA

The WPJB-4.4.6-N4 from Larson Electronics is a weather proof junction box that provides operators with a UL listed NEMA 6P and NEMA 4/4 rated enclosure designed to hold electrical equipment up to 4" by 4" by 6" in size. This weatherproof junction box is constructed from a plastic moulding compound that will not rust or corrode along with a foam gasketed lid sealed with stainless steel screws.

The WPJB-4.4.6-N4 weatherproof junction box has internal dimensions of 4" x 4" x 6" and is designed to protect electrical wiring and components from dirt, dust, water hose spray, ice formation and ingress of water from prolonged exposure. This weatherproof junction box provides operators with the confidence to know their wiring and other electrical components are protected from such things. Ideal for both indoor and outdoor use, the WPJB-4.4.6-N4 offers superior corrosion resistance and ample protection for direct burial applications.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
