CRSA-FIB-120-MOD1

10' Fiberglass Structural Crossarm – Closed-Cell Foam Filled – 3.75"W x 4.75"H – UV Protective Coating

Product ID: 330289

Image: CRSA-FIB-120-MOD1

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

CRSA-FIB-120-MOD1 Fiberglass Structural Crossarm
Unit Type: Fiberglass Structural Crossarm
Material Pultruded Fiberglass, Closed-Cell Foam Filled
Dimensions: 120" L x 3.75" W x 4.75" H
Finish: UV Protective Coating
Mounting: Through-Hole Hardware (Customer Provided)
Applications: Structural Support, Utility Mounting, Pole/Frame Installations
Weight: TBD (Fiberglass, lightweight)

The Larson Electronics CRSA-FIB-120-MOD1 Fiberglass Structural Crossarm provides operators with a durable and lightweight support solution for mounting electrical hardware, brackets, or equipment in industrial and utility applications. This 10-foot crossarm is constructed from pultruded fiberglass, features a closed-cell foam filled core, and is finished with a UV protective coating for long-term outdoor reliability.

The CRSA-FIB-120-MOD1 is a high-strength crossarm designed for pole, structure, or frame mounting. Measuring 120 inches long with a 3.75" x 4.75" profile, the unit offers excellent rigidity while maintaining a lightweight form. Factory-installed through-holes support easy mounting using customer-provided hardware, enabling integration into new or existing systems. The crossarm is suitable for environments requiring corrosion resistance, dielectric

properties, and long service life under harsh weather conditions.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
