Product ID: 330703

Image: CGB-PXSS2K-CGS-PVC-B-M20

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The Larson Electronics CGB-PXSS2K-CGS-PVC-B-M20 Explosion Proof Cable Gland Shroud provides secure and safe sealing in combustible facilities. Constructed of PVC, this accessory is suitable for Class I, Division 1, Class I, Zones 1 and 2, Class I, Zones 21 and 22 and ATEX/IECEx rated locations.

Cable gland not included, shroud only

The CGB-PXSS2K-CGS-PVC-B-M20 is a heavy-duty cable gland accessory for flammable and rugged environments. This unit is made out of PVC and is compatible with CGB-PXSS2K series M20 standard cable glands. The IP66 rated cable gland cover can be used to protect unused hubs or entry points on electrical equipment in combustible sites.

Applications: Hazardous locations, electrical equipment protection, sealing and more.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories.
