

MT-UPS-CM-RJ45

Communication Module – RJ45 Ethernet Interface – For Industrial AC & DC UPS Systems

Product ID: 332113

Image: MT-UPS-CM-RJ45

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The MT-UPS-CM-RJ45 from Larson Electronics is a Communication Interface Module designed to enable reliable remote monitoring and network communication for industrial AC and DC uninterruptible power supply (UPS) and battery charger systems. This communication module features an RJ45 network port and provides seamless integration with supervisory control, building management, and industrial automation systems.
