Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

EXC-100-4.4-50A-CS6364C-CS6365C-M2 - 50' 4/4 SOOW 50A Extension Cord
Male Cord Cap: CS6365C Plug
Female Cord Cap: CS6364 Connector
Voltage Rating: 125/250V
Max Amp Rating: 50A
Cable Type: 4/4 SOOW
Cable Length: 100'
Weight: -

Made in the USA

The EXC-100-4.4-50A-CS6364C-CS6365C from Larson Electronics is a 100' 4/4 SOOW Twist Lock Extension Power Cord that is designed for 3-phase heavy duty and outdoor applications. This rugged extension cord is constructed of 4-gauge wire, equipped with a 50-amp rated female CS6364 connector and male CS6365C plug, and allows operators to extend power to equipment when stationary outlets are not readily available.

The EXC-100-4.4-50A-CS6364C-CS6365C power distribution system provides a safe and effective way for operators to extend 125/250V and power a variety of devices for plant maintenance, power generators, construction and other temporary applications. Fifty feet of chemical and abrasion resistant flexible SOOW cord 4/4 SOOW cable is terminated in a

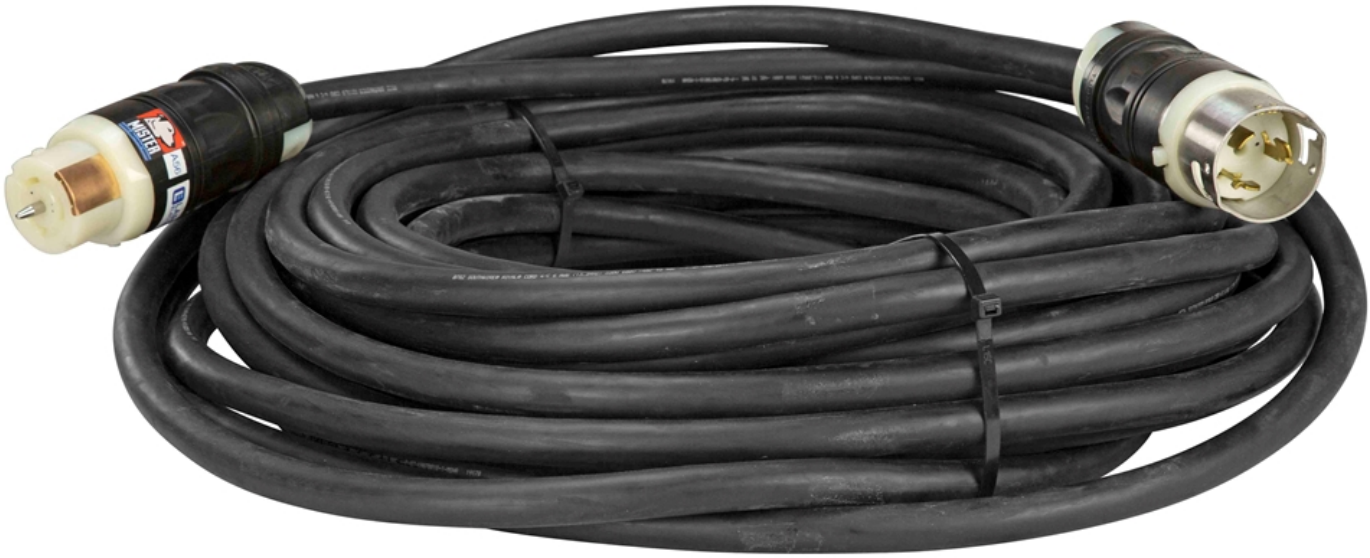

female CS6364 connector and a male CS6365C plug, 50 amp rated, outdoor approved twist lock cord caps.

Applications: This power distribution system is ideal for indoor or outdoor use and applications including but not limited to, generators, construction sites, plant maintenance, plant turnarounds, shows, exhibits, industrial equipment, uninterruptible power supplies (UPS battery backups), stage equipment, and shipyard operations. These industrial extensor cords are popularly used in applications where external power sources are often necessary. We also offer class rated extension cords for use within explosion proof and hazardous location environments.

Larson Electronics is a manufacturer and as such can build extension cords and portable transformer systems to your specifications. Although we carry several models of power distribution transformers, we can deliver custom ordered units almost as quickly as our prebuilt units If this model does not meet your needs, please contact us at 1-800-369-6671 or sales@larsonelectronics.com to discuss your specific requirements.
