

MT-PML-XX-SP9684

2" Drain Valve with Oil Sampler for Oil-Filled Transformers

Product ID: 334902

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

MT-PML-XX-SP9684 Drain Valve With Sampler

Unit Type: Drain Valve w/ Sampler

Dimensions: 6.5"-L x 8.5"-H

Weight: 16 lbs

Fittings: 2" NPT Drain Valve, 3/4" NPT Sampler

Operation: Drainage and Sampling For Oil Insulating Fluids

Ambient Temperature: 0 ~ 80°C

Ambient Humidity: <95%

Material: Stainless Steel

Mounting Screw: -

Mount: Medium and Large Oil-immersed Transformers

The MT-PML-XX-SP9684 from Larson Electronics is a 2" NPT Drain Valve with Sampler for oil-immersed transformers.

The MT-PML-XX-SP9684 is a 2" NPT drain valve with an integrated oil sampling port used for drainage and sampling of insulating oil fluid.

Larson Electronics is a manufacturer and as such can build stationary and portable transformer systems to your specifications. Although we carry several models of power distribution transformer systems, we can deliver custom ordered units almost as quickly as our prebuilt units. If this model does not meet your needs, please contact us at 1-800-369-6671 or sales@larsonelectronics.com to discuss your specific requirements.
