

WPPB-36.36-N3R-M1

Weatherproof Junction / Pull Box - 66" x 36" - Carbon Steel Construction - Vertical Configuration - NEMA 3R

Product ID: 334988

Image: WPPB-36.36-N3R-M1

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

WPPB-36.36-N3R-M1 Weatherproof Junction Box

Application: Cable pulling, routing and conductor access points

Internal Dimensions: 66"-H x 36"-W x 12"-D

Weight: ~120 lbs

Weatherproof Rating: NEMA 3R

Materials: Carbon Steel

Mounting: Wall Mount (Vertical Configuration)

Terminal Block: Not Included (*Pull Box Only*)

Door Type: Single Door, Hinged with Gasket Seal

Latch Type: Padlockable Handle or Quarter-Turn Latch

Conduit Entry: Field Drilled (Top/Bottom/Side)

Finish: ANSI 61 Gray Powder Coat

All grounding shall comply with state and local codes and meet the minimum requirements of the National Electronic Code section 250

Made in the USA

The WPPB-36.36-N3R-M1 from Larson Electronics is a weatherproof electrical pull box that provides operators with a UL listed NEMA 3R rated enclosure designed for routing, pulling and managing electrical conductors in commercial and industrial applications.

The WPPB-36.36-N3R-M1 weatherproof pull box features internal dimensions of 66" x 36" and is designed to protect electrical wiring from dirt, dust, rain, sleet and external environmental conditions. This enclosure provides operators with a reliable solution for safely accessing and routing large conductors during installation and maintenance. Ideal for both indoor and outdoor use, the WPPB-36.36-N3R-M1 offers durable carbon steel construction with a corrosion-resistant finish, ensuring long service life in demanding environments. This pull box allows for field-configurable conduit entry through the top, bottom or sides to accommodate a wide range of installation requirements.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
