IND-AS-0.5IN-SS

1/2" Anchor Shackle - 5/8" Screw Pin, Stainless Steel, Bow Type

Product ID: 336140

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

IND-AS-0.5IN-SS Anchor Shackle
Unit Type: Anchor Shackle, Screw Pin (Bow Type)
Dimensions: 1/2" Nominal Size (Body) / 5/8" (Pin Diameter)
Working Load Limit (WLL): 2 Tons (4,000–5,000 lbs)
Ultimate Strength: ≥ 16,000–20,000 lbs
Material: Stainless Steel
Finish: Natural Stainless Steel
Pin Type: Threaded Screw Pin (Removable)
Configuration: Bow (Anchor) Type
Application: Guying Systems, Anchoring, Rigging, Utility Hardware Connections
Operating Temperature: -40°C to +200°C
Dimensions: TBD

Ratings/Approvals
ASME B30.26 / Federal RR-C-271
Industrial / Utility Grade
Safety Factor 4:1 or 5:1
Outdoor / Marine Rated

The Larson Electronics IND-AS-0.5IN-SS Anchor Shackle provides operators with a reliable connection point for securing guying systems, rigging assemblies, and structural supports in demanding environments. This shackle features a 1/2" nominal body size with a 5/8" screw pin for secure fastening.

he IND-AS-0.5IN-SS is designed for durability and ease of use in outdoor and industrial applications. Constructed from corrosion-resistant stainless steel, this anchor (bow) shackle offers excellent strength and resistance to weather, moisture, and harsh environmental conditions. The screw pin design allows for quick installation and removal, while the bow shape accommodates multi-directional loading, making it ideal for use with guy strands, strain insulators, anchors, and other utility hardware.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@microelectronics for more information about our custom options tailored to meet your specific industry needs.
