

MT-UCSP-XX-SP9100

Protective Weak Link Fuse for MT-UCSP Series Transformers - 3A, 15KV Class

Product ID: 337588

Image: MT-UCSP-XX-SP9100

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

MT-UCSP-XX-SP9100 Protective Weak Link Fuse

Unit Type: Protective Weak Link Fuse
Rated Voltage (Phase-to-Phase): 15 kV
Withstand Voltage (50/60Hz): 60 kV/1 min.
BIL and Full Wave Crest: 95 kV
Cont. Current Rating: 3A
Dimensions: 10.1" x 7.24" x 2.25"Dia
Weight: 5 lbs

The MT-UCSP-XX-SP9100 Protective Weak Link Fuse from Larson Electronics is suitable for MT-UCSP Series Transformers.

The MT-UCSP-XX-SP9100 is designed for use in overhead distribution transformer. It is used as a fuse link for secondary short circuit fault protection of a transformer, such as current sensing fuse link, dual sensing fuse link and dual element fuse link. The fuse holder features a flapper valve inside the housing which closes when it is removed.

This results in minimal oil spillage from the transformer tank which increases safety to line personnel during fuse change outs and reduces potential of environmental concerns with oil pillage and potential of oil contamination on the molded rubber elbow connections.

At Larson Electronics, we do more than meet your lighting needs. We also provide

replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
