WAL-QP-7-12

12' Portable Equipment Tower - 7' to 12' - Quadpod Base with Wheels, Manual Winch

Product ID: 344342

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Made in the USA

The WAL-QP-7-12 Quadpod Equipment Tower from Larson Electronics is designed for rugged yet portable use and is ideal for use in demanding industrial and outdoor conditions. This unit extends to 12 feet using a manual hand crank winch.

PLEASE NOTE: ANY FREE SHIPPING OFFERS DO NOT APPLY TO LIGHT MASTS OR LIGHT TOWERS

The WAL-QP-7-12 is a four-leg steel quadpod equipped with 8-inch wheels for easy positioning from one area of the workspace to another. This adjustable and collapsible quadpod can be extended to 12 feet and collapsed to 7 feet and is locked into position with t-handle locking pins. The unit is extended and lowered using an included hand crank cable winch equipped with a brake for fast and safe deployment. Included solid wheels allow the operator to tilt the unit back and simply roll the entire assembly to a new location when fully deployed. The the legs can be collapsed, aiding in deployment, storage and transport.

The easy to collapse design of this mini light tower allows users to easily break down and transport the unit yet is durable enough for any industrial or commercial application.

This is a heavy duty unit designed for use in demanding conditions and for overall longevity in difficult construction environments with heavy duty steel construction for maximum durability. We make this lighting solution in the United States. Larson Electronics tower lights are designed for industrial, commercial, emergency response, and military applications where the operators are working in harsh, destructive environments and the operators income or mission success are dependent on dependable, durable lighting.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
