EXC-10-208Y.120-4P5W-200A-IP67-CMLK.F

10' 2/5 Type W Weatherproof Extension Power Cord - 200A - 208/120V - (5) Female Camlocks

Product ID: 345413

Image: EXC-10-208Y.120-4P5W-200A-IP67-CMLK.F

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

EXC-10-208Y.120-4P5W-200A-IP67-CMLK.F - 3' 8/5 SOOW 200A Extension Cord
Cord Cap: 200A IEC 60309 Male Plug [208Y/120V]
Connector: (5) 140A 15 Series Female Camlocks [Black, Red, Blue, White, Green]
Voltage Rating: 208Y/120V
Configuration: 4P5W
Ground Position: 9H
Max Amp Rating: 200A
Cord Cap Color: Blue
Cable Type: 2/5 Type W
Cable Length: 10'
Cord Color: Black
Weight: -

Features
IEC 60309 Style
IP67 Waterproof

Made in the USA

The EXC-10-208Y.120-4P5W-200A-IP67-CMLK.F from Larson Electronics is a 10' Weatherproof Extension Power Cord that is designed for heavy duty and outdoor applications. This rugged extension cord is equipped with a blue 200-amp rated weatherproof IEC 60309 pin and sleeve cord cap on one side and female camlocks on the other side. The unit allows operators to extend power to equipment when stationary weatherproof outlets are not readily available.

The EXC-10-208Y.120-4P5W-200A-IP67-CMLK.F extension cord provides a safe and

effective way for operators to extend 208Y/120V power to a variety of devices for plant maintenance, power generators, construction, and other temporary applications. This 10 feet of chemical and abrasion resistant flexible 2/5 Type W cable is terminated in a blue 200-amp rated weatherproof IEC 60309 5100P9W pin and sleeve male plug on one side and one set of five, 140-amp rated 15 series female camlocks (black, red, blue, white and green) on the other side.

Applications: This extension cord is ideal for indoor or outdoor use and applications including but not limited to, generators, construction sites, plant maintenance, plant turnarounds, shows, exhibits, industrial equipment, uninterruptible power supplies (UPS battery backups), stage equipment, and shipyard operations. These industrial extensor cords are popularly used in applications where external power sources are often necessary. We also offer class rated extension cords for use within explosion proof and hazardous location environments.

Larson Electronics is a manufacturer and as such can build extension cords and portable transformer systems to your specifications. Although we carry several models of power distribution transformers, we can deliver custom ordered units almost as quickly as our prebuilt units If this model does not meet your needs, please contact us at 1-800-369-6671 or sales@larsonelectronics.com to discuss your specific requirements.
