RFM-15.5CL

100W Halogen Roof Mount Spotlight - 15.5" Stainless Steel Shaft - 700' Spot Beam - 12V or 24V DC

Product ID: 371

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The RFM-15.5CL from Larson Electronics is a Roof Mount Spotlight for vehicles. This roof mount spotlight features a 100W halogen bulb that throws a spot beam that measures 700 feet in length. The RFM-15.5CL is ideal for a wide variety of applications including hunting, off-roading, security, search and rescue and farming. This roof mount vehicle spotlight is available in a 12V version with a 100W halogen bulb and a 24V version

with a 70W halogen bulb.
The RFM-15.5CL allows operators to reposition and direct the spotlight beam from inside the vehicle by twisting and turning the handle. This allows operators to remain protected from the elements while still utilizing the roof mounted spotlight. The spotlight will maintain the desired position until the operator adjusts it again. The RFM-15.5CL draws 8.3 amps on 12 volts and 2.91 amps from 24 volt systems.

Roof Mount Light in Action

The Larson Electronics RFM-15.5CL roof mount spotlight has a 6" round ABS light head housing, a 15.5" stainless steel shaft with a triple plate chrome coating and a rubberized black handle that offers operators a sure grip during light adjustments. A polycarbonate lens rounds out this durable and aesthetically pleasing roof mounted spotlight. The RFM-15.5CL us powered on using a thumb activated toggle switch on the top rear of the handle. This roof mounted halogen spotlight has 245,000 industrial candle power and 3 million retail candlepower offering operators an intense source of light for their nighttime operations. The RFM-15.5CL is available in both a black and chrome finish. Make your selection when ordering below.
This roof mounted spotlight has a single positive lead from the handle that connects to the vehicle`s power. The spotlight is grounded to the vehicle chassis via the mounting kit. The RFM-15.5CL has a leak-proof design and comes with a universal mounting bracket, template and installation instructions.
Applications: Hunting, fishing, off-roading, security, search and rescue operations, farming applications, property maintenance and any other application that requires a powerful source of light via a roof mounted adjustable spotlight.
