RFM-7-24

Roof Mount Light RFM-7-24 -24 Volt DC with 7 inches post from center of lamp to center of the handle

Product ID: 375

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

24 Volt DC Roof Mount Spotlight. This particular halogen spotlight projects a beam to 700` in length by 70` in width. Rotation and up/down directional control with handle at the end of the post inside the vehicle. 7 inches of post, measuring from the center of the lamp to the center of the handle. 4.75 inches of post are exposed. You can position any portion of the exposed post either above or below the mounting surface at your discretion to meet installation needs.
