

AE-EASYMOUNT

Easy Mount for Flashlights

Product ID: 45308

Image: AE-EASYMOUNT

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The AE-EASYMOUNT from Larson Electronics allows for easy mounting of Larson Electronics LED, HID, and Halogen handheld flashlights.

This urethane easy mount unit allows for hands free mounting of Larson Electronics flashlights. Two side through holes allow for side mounting, while a mounting hole at the base of this unit allows for surface mounting. A quick release strap allows operators to quickly release the mounted flashlight. This unit makes for easy storage at the operator's desired location, or hands free operation of light when both hands are needed.
