LE-217-LED

Explosion Proof LED Flashlight - 2 D-Cell - LE-217 - MADE IN THE USA - Waterproof Flashlight

Product ID: 68844

Image: LE-217-LED

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

LE-217-LED
Lamp Type: LED
Dimensions: 10.2 " Length 2.3" Width at head
Watts: N/A
Bulb Life Expectancy: 30,000 hours
Lumens: 40
Lighting Configuration: Spot
Weight: 4.5 oz without batteries
Power: 2 "D" Carbon Zinc Batteries
Protection: Built in circuit protection

Approvals
Class I, Division 1, Group C & D
Class I, Division 2, Group A, B, C, & D
Class II, Division 2, Group G - Class 3
Operating Temp T3C
CSA: Class I, Division 1, Group C & D
CSA: Class II, Division 1, Group G - Temp T3C
ASTM & MSHA: Approved
Hazardous Location Classifications

The Larson Electronics LE-217-LED Explosion Proof LED flashlight is approved Class I, Division 1, Group C & D, waterproof, and designed for heavy duty use in hazardous locations.

This full size LED flashlight is approved for hazardous locations Class I, Division 1, Group C & D, and waterproof. A Polypropylene body, oversize faceted ABS reflector, and unbreakable Tuflexx lens provides the durability and strength needed for work and industrial applications. This light is powered by 2 standard carbon zinc D-Cell batteries and produces 40 lumens. An integral circuit breaking mechanism provides added HAZLOC protection.

This explosion proof LED flashlight is an affordable light solution for operators who desire a full sized and reliable light source that can withstand demanding operating conditions within hazardous locations. A waterproof and impact resistant body provides durability and protection from moisture, and an anti-roll tube design helps to keep the light in place when set down on uneven surfaces. A simple slide switch provides on, off, or flash operation. This explosion proof flashlight is United States NEC standards approved and an affordable portable lighting solution that doesn`t sacrifice durability.
