HID-22-SL-129

22 Inch Glare Shield/Reflector for the HID-22-SL High Intensity Metal Halide Light

Product ID: 70912

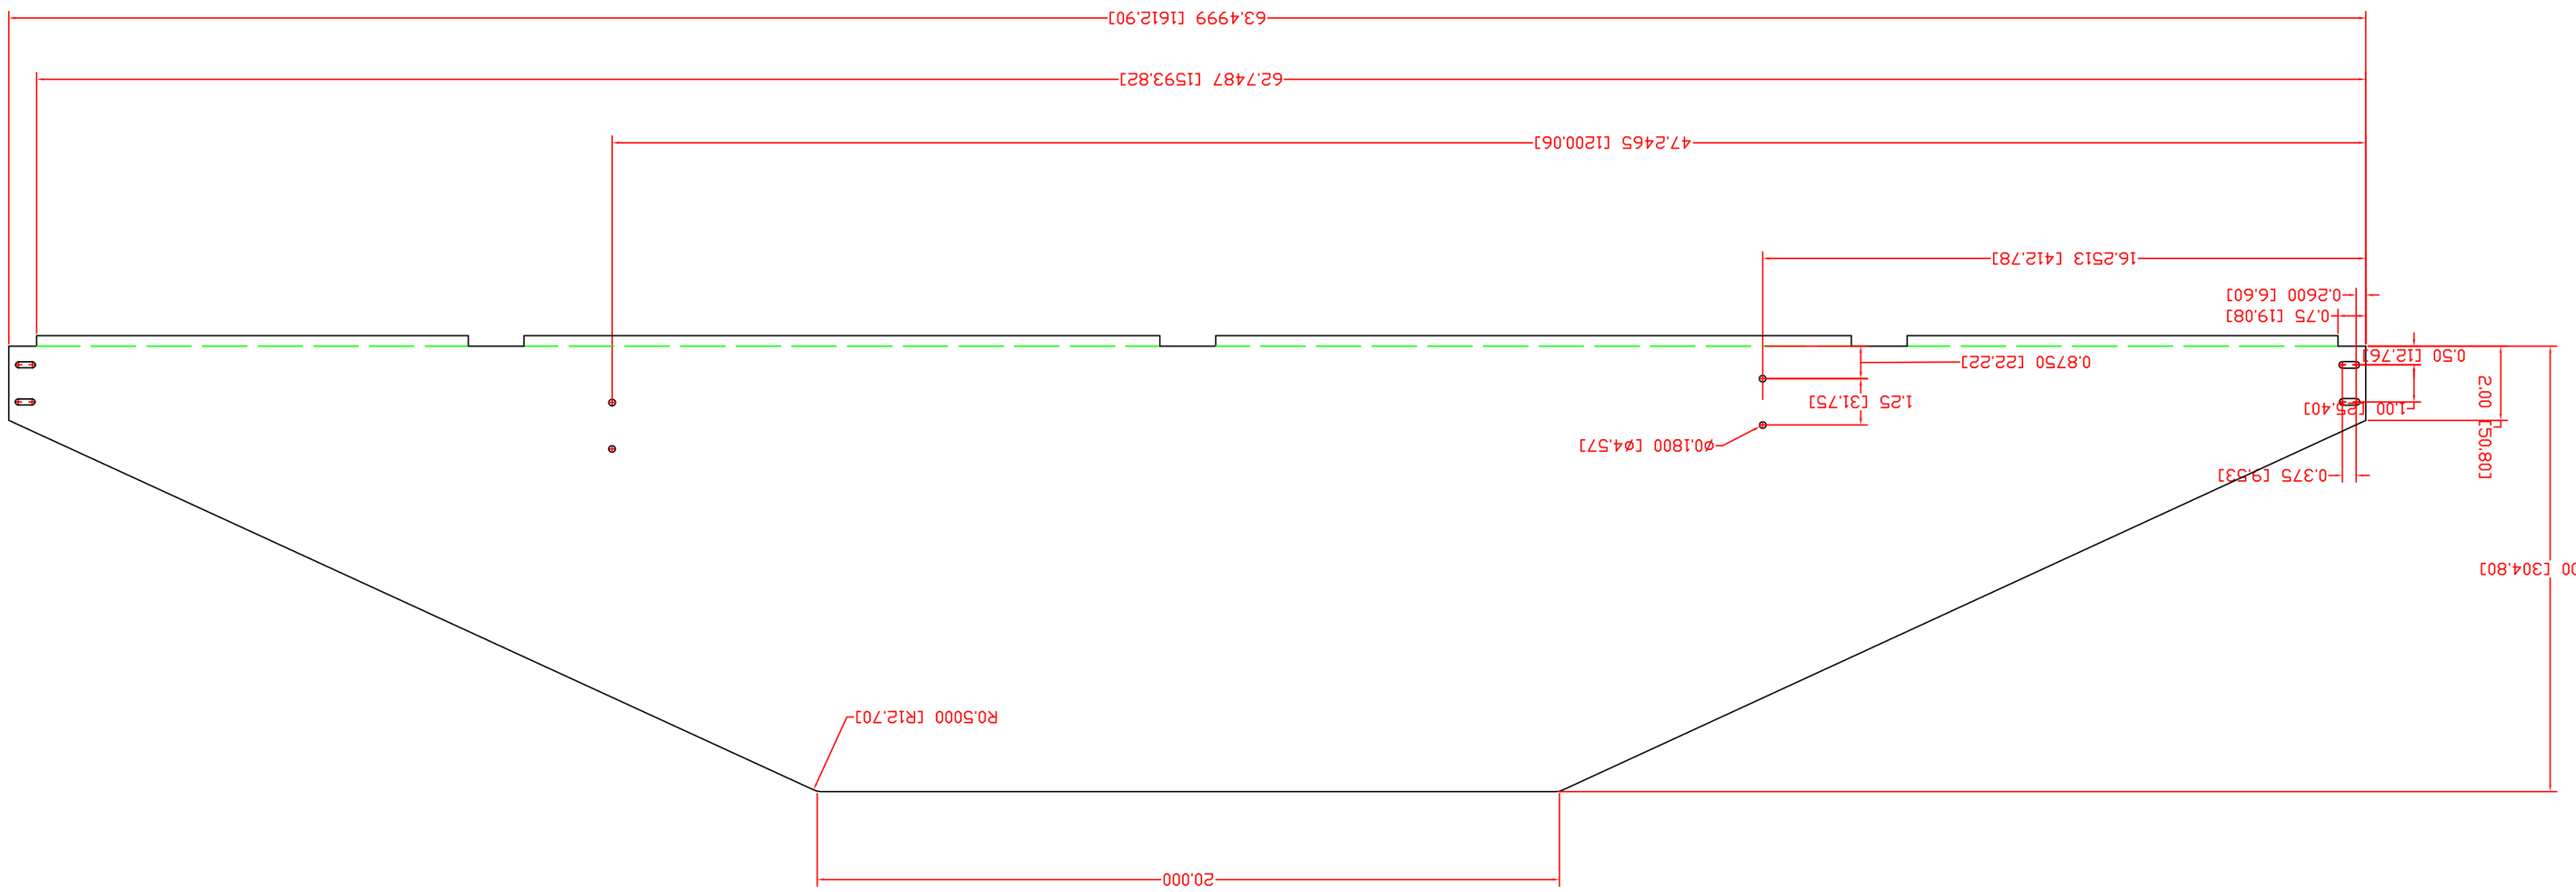

Image: HID-22-SL-129

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

The HID-22-SL-129 Metal Halide Glare Shield from Larson Electronics is the Shield for the HID-22-SL. The glare shield captures the light to point the beam downward. The shield helps produce a narrow, spot like beam with less spread.

Shipping Dimensions: 70"L x 18"W x 14"H (Custom box)
