

PML-118

PML Brackets for LED, HID, and Halogen Permanent Mount Control Lights

Product ID: 71165

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

PML Replacement Bracket for LED, HID, and Halogen Permanent Mount Control Lights
Includes permanent mounting base with 4 inch square plate with 4 corner holes. The 4 corner holes enable the operator to permanently bolt down the powder coated, steel plate. Base swivels 360 degrees and tilts 140 degrees via tension hinge. A solid polycarbonate handle and 7 inch long, heavy gauge steel bracket attach to the tension hinge.
