EPL-HB-150LED-RT-187

Polycarbonate Lens Cover for EPL-HB-150LED-RT and EPLC2-HB-150LED-RT Series Explosion Proof Lights

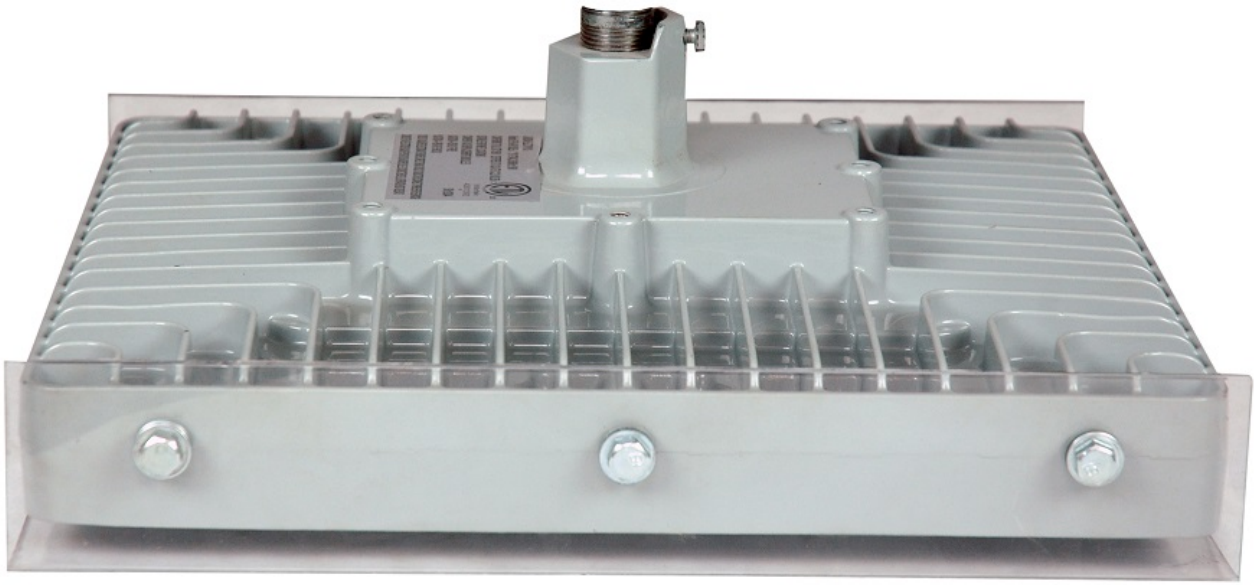

Product ID: 72942

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

Polycarbonate Lens Cover for EPL-HB-150LED-RT and EPLC2-HB-150LED-RT Series Explosion Proof LED Fixtures.
This can be used as a blast shield for portable applications and as a glass retention device for food safe applications. Finally, we offer this unit in both a clear and opaque finish. Make selection below when ordering.
The opaque finish is used to reduce glare and provide diffusion to the LED light produced by the fixture. The clear finish simply offers a degree of protection to the front of the fixture itself.
