PM-LR-1

PM-LR-1 6 inch Replacement lens/reflector assembly for Post and Roof Mount Lights

Product ID: 856

Image: PM-LR-1

Larson Electronics LLC manufactures a wide variety of products, including custom built to spec designs. The pictures displayed for this unit are a general representation of form factor for the product line and may not accurately represent this exact configuration in every detail due to custom builds and changes between similar products in our standard catalog. The specifics for this configuration are listed in the specification table and supporting documentation (CAD files, Dimensional Drawing, Name Plate Diagram, Wiring Diagram, etc.). This means that specific details (receptacles, plugs, wires, connections, mounting brackets, external finishes, etc.) may not be accurately represented in images vs specifications. Please review specifications and do not order based solely on images.

6 inch Replacement lens/reflector assembly for post mount lights, roof mount lights, cowl mount lights, etc.

The 6" lens reflector assembly holds the light bulb. In this system, the lens/reflector is separate from the bulb. Generally, one only needs to replace the bulb, unless the lens/reflector system sustains damage.
