The PDU-MDS-600V-100A is an AC Disconnect Switch that is an accessory for power distribution systems. This AC disconnect switch power distribution accessory acts as an overload breaker that will protect operators from overloading a transformer. The PDU-MDS-600V-100A is encased in a NEMA 3R enclosure and is UL listed.

The PDU-MDS-600V-100A AC disconnect switch is rated for 100 amps and features a fusible interior and safety disconnect switch. This power distribution accessory has a 3-pole 3-wire configuration along with a 600V AC voltage rating. The PDU-MDS-600V-100A can be securely mounted to any flat surface.

Applications: Residential and light commercial applications, air conditioning units and any other power distribution systems that require overload breaker protection.
